

Save Time and Meet Conveniently in Modular Meeting Rooms in the Exhibit Hall

Special modular meeting room packages have been developed to make it easier for you to meet with your prospects in a convenient location, close to your exhibit booth, but away from other exhibitors. Normally, there is no meeting space available for exhibitors in the convention center because official association activities fill all available space and overflow into nearby hotels. Special rental packages have been developed to make it easier for you to order and customize meeting space in the exhibit hall for your specific needs. You can have a private meeting room in convenient walking distance from your booth, and never leave the convention center.

These modular meeting rooms can be constructed in a size to meet your needs—minimum size of 10' x 20' (approximately 3m x 6m). They will be constructed as needed in Hall H, near the Exhibitor Service Center. Three basic packages are being offered initially—10'x20', 20'x20' and 30'x30'—but quotes on other sizes can be prepared on request. Each package includes 8' (2.4m) tall walls, carpet and a 22"x28" (.56m x .71m) sign. Space will be assigned so that there will be at least 10' of aisle between meeting rooms.

Room Size	Standard Booth Space Rate	Discount Rate*
10'x20'	\$ 7,650	\$ 4,700
20'x20'	\$14,350	\$ 8,450
30'x30'	\$30,875	\$17,605

* Discounted rate available to returning 2006 exhibitors who maintain the same booth size or increase booth space from 2006 to 2007. No other discounts apply. Modular Meeting Rooms requested after June 15, 2007, will be subject to additional charges.
