

Change in 2008 Expo Exhibit Hours

During the Exhibitor Meeting at the 2007 Clinical Lab Expo, one of the exhibitors in the meeting made the suggestion to change the exhibit hours on Thursday to be consistent with the start times on Tuesday and Wednesday and shorten the day to allow more staff to depart on Thursday evening. [In 2006 and 2007, Thursday exhibit hours were 8:30am-3:00pm.] A vote was taken and the suggestion was almost unanimously supported by the other exhibitors in the meeting.

The 2008 Preliminary Exhibit Prospectus is already in distribution, but the change will be made in future prospectuses and correspondence.

The exhibit hours for the 2008 Clinical Lab Expo are as follows:

Tuesday, July 29	9:30am-5:00pm
Wednesday, July 30	9:30am-5:00pm
Thursday, July 31	9:30am-2:00pm

This appears to be a minor change, but we are making the announcement now to allow companies to properly plan for booth staffing and exhibit dismantling.
